

November 2, 2011

Dear STMA members of Northern California,

Over the last several years professional groundskeepers in our area have been working to build a network of people that best represent our industry and help build educational field days to help bring knowledge to all of us.

Starting on January 1, 2012 we will be bringing on a new set of board members to our association to continue our goals and bring new ideas to the group in how we can best grow and serve our members. As the upcoming President, I wanted to take the time now and invite anyone that would like to volunteer to be on our board for 2012 and have a voice in how our group grows and progresses. No past experience is required, no education needs to be obtained, just someone that is eager to help make change and has a strong opinion and can share it constructively with our group.

A brief job description would include meeting 5 times a year for meetings as a board and attend the field days. Each individual job plays an important role in shaping our future and is vital you can participate throughout the whole year. Meetings are located throughout the Sacramento region and we ask you show for all meetings.

If you or someone you know would fit this description, please fill out the form below and fax it to 916-376-4631 or just simply email me at cralston@rivercats.com with the information. I will call you shortly thereafter to further discuss your options. If you have questions, please call me at 916-376-4954!

Thank you,

Chris Ralston

Head Groundkeeper – Raley Field

President-Elect NorCal STMA
